

COALA EASY STICK CLEAR MATT

MATERIAL DESCRIPTION

Coala Easy Stick Clear Matt is a 100 micron clear matt monomeric PVC film. Coated one side with a pattern printed pressure sensitive polyacrylate adhesive. The adhesive is protected by a single sided, siliconised clay coated Kraft release liner. Coala Easy Stick Clear Matt is a high quality ink receptive printable white vinyl, developed specifically for high vibrant print quality graphics that require easy application. The dot pattern of the adhesive allows Coala Easy Stick Clear Matt to be easily applied bubble free on most commercially available panels. Suitable for short term indoor applications.

PRINTER & INK COMPATIBILITY

FILM THICKNESS

PRODUCT DESCRIPTION

- Support: 100 µ clear matt monomeric PVC film
- Adhesive: Polyacrylate Adhesive - Dot Pattern
- Adhesive Layer: 13µ
- Release liner: 135 gsm Bleached Clay Coated Kraft
- Total Thickness: 113 µ

APPLICATION

- Short term indoor applications

BENEFITS

- High quality ink receptive printable white vinyl
- Fast bubble-free installation
- Flame retardant: B1

The following technical details are issued to the best of our knowledge, however, without any responsibility for results due to several different kinds of material and application processes. Therefore, we highly recommend that before every usage a test should be conducted on the original material. Antalis cannot be responsible for any damage to the printer caused by printing our media.

SHELF LIFE STORAGE AND CONDITIONS

- Store in closed original packaging in a cool, dry environment 18-25°C with 40% to 65% relative humidity.
- Shelf life of 6 months if stored in original packaging in recommended conditions.
